## Statement regarding dimensions on Malmstolen R7

### 1 Introduction

On behalf of Malmstolen AB, SP has carried out an assessment on Malmstolen R7, in accordance with SS-EN 1335-1:2000 Office furniture – Office work chair – Part 1: Determination of dimensions and SIS-CEN/TR 1335-4:2010 Clarifications to EN 1335-1:2000

### 2 Assessment

Based on SP report FX008168A dated 2010.06.28 and FX008168B dated 2010.07.07 Malmstolen R7 is assessed to be classified as type A, except for the lowest seat height, adjustment range of seat height and minimum seat depth which are outside the requirements of the standard.

This implies that design, dimensions and other characteristics, which may affect the test results, are identical to the tested pieces.
